**Question 1 of 8**  
Manövrering**A****B****C**

Which of these options is the most appropriate way to turn in this intersection?

**Picture A**

By turning around as in A, you keep the car on your right side all the time you are reversing.

**Picture B****Picture C**

When reversing with a trailer you have asked someone to help keep watch backwards. Who is responsible if something happens?

☐ We share the responsibility equally

☐ The person keeping watch for me

☒ **Me as the driver**

You can always ask for help. However, as the driver, you are always responsible for your driving.

There are special rules for reversing. What is correct?

☒ I must only reverse if it can be done without danger or obstruction to others

When reversing, you always have a duty to give way to all other traffic. If there are other road users nearby, stay still

☐ I must always give a signal with the indicator when I am reversing around a street corner

☐ I must only reverse along the edge of pavements

☐ I am always obliged to use the hazard lights when reversing in busy traffic

You want to park in the box in front of you. Should you drive in, or reverse?

☐ I should drive in, this box is so big that it gives me the best chans of getting in quickly

☐ I choose not to park here. The box is too small

☒ I should reverse, this box is so small that it gives me the best chans of getting in quickly

Do not forget you have to yield for other road users when you reverse.

You are lost and need to turn around. Which alternativ is more safe too use?

☒ I drive straight ahead and use one of the dead-end streets to turn around

Here you have a duty to give way, it probably means that the intersecting street has more traffic and therefore, you should avoid reversing in this situation

☐ I drive straight ahead, stop, and then reverse around the corner

☐ I make a U-turn

☐ I turn right, stop, and then reverse straight backwards

☐ I turn left, stop, and then reverse around the corner

**Question 6 of 8**  
Manövrering

What is forbidden?

☐ To reverse in a three-way crossing☐ To reverse on a country road☒ **To obstruct or interfere with other traffic whilst reversing**

When reversing, you always have a duty to give way. You must also not disturb other traffic.

☐ To reverse in a housing area

You are lost and need to turn around. How can you use the three-way crossing in front of you?

☐ I turn right, stop by the curb, and then reverse straight over the crossing

☒ I turn left, stop by the curb, and then reverse alongside of it

Keep in mind that you have to give way to all other traffic whilst reversing

☐ I make a U-turn

**Question 8 of 8**  
Manövrering

Why is it particularly dangerous to reverse when there are children in the vicinity?

**Children do not understand the risks and can suddenly "hide" behind my vehicle**

Before you start reversing, you must always be sure that there is nothing behind your vehicle. Certainly you can ask someone for help but it is your responsibility that nothing happens

I look too much at the children and forget about other traffic
